WEBSITE

On behalf of the Building Owners and Managers Association of British Columbia (BOMA), we would like to offer our endorsement for the recent motion put forward by Councillor Pete Fry titled: *Don't Feed the Wildlife*.

Feeding wildlife in the downtown core doesn't just create a mess to clean up around commercial buildings, it also attracts rodents and insects that can create other health hazards for our tenants and members of the public.

We support this motion as we feel it will go a long way toward keeping our public spaces inviting and usable. We know that our members and the commercial real estate industry will benefit from this proposal and we are eager to see the rest of Council vote in favour of this motion as well.

Please let us know if we can provide any additional information.

Sincerely,

A handwritten signature in black ink, appearing to read 'D Stathonikos', written in a cursive style.

Damian Stathonikos  
President  
Building Owners and Managers Association of British Columbia (BOMA)
