Submitter's phone number:

Submitter's email address:

Please answer the following questions in paragraph format

1. What retrofit or installation has your building undertaken? (6 points)
2. What was the existing (previous) system that you replaced? (4 points)
3. What prompted the need or desire to replace the existing system? (6 points)
4. What did you replace the system with (provide specs, models and other pertinent information)? (8 points)
5. Why did you select the new system (what features did it have that made it the most desirable fit)? (10 points)
6. Did you access any incentive funding to assist with the system replacement? (no points)
7. Please share any energy tracking or energy modeling data to showcase the savings associated with your system replacement? (8 points)
8. How does this replacement fit into your building's energy plans or targets? (8 points)

Images

Please provide the following high-resolution images:

1. One group photo of the building operations team.
2. Two or three photos of the new equipment / system in place at your building.
3. One or two images of the equipment's / system's key features (from the manufacturers website or from equipment brochure or manual).
4. Two or three images showcasing energy modeling data or energy savings that your building has derived from the retrofit (images can be screen shots from a tracking platform or from a report prepared by the project consultant or installer).
5. Your company logo.

JPEG or PDF files only. Each image should be no less than 1mb and no more than 8mb. Email to Kiomi at kiomi@boma.bc.ca or upload to a free photo sharing site (i.e. Dropbox) then share the folder's link with Kiomi.
