Dear Minister Bennett,

On behalf of the Building Owners and Managers Association of British Columbia (BOMA BC), I wanted to take this opportunity to congratulate and thank the BC Government for today's announcement approving the Site C Dam.

BOMA BC has been in support of this very important public infrastructure project since it was first announced. As stated in our April 26th 2010 letter to the Government, "clean, renewable and affordable energy is a priority to both the province and BC's commercial real estate industry," and we support your efforts.

BOMA BC and its members are actively working on our shared goals to reduce energy consumption and greenhouse gas emissions across British Columbia.

Once again, thank you and Premier Clark for your demonstrated leadership on behalf of commercial energy consumers in British Columbia.

Sincerely,

A handwritten signature in black ink, appearing to read 'Rob Kavanagh'.
